Academic Integrity Statement

I understand and acknowledge that all work submitted for evaluation in this course must be entirely my own. This includes, but is not limited to, assignments, projects, essays, tests, quizzes, and any other academic modules.

I confirm the following:

1. No Use of Artificial Intelligence Tools

I will not use AI tools such as ChatGPT, or any other generative AI technologies, to complete or assist in the completion of any part of my coursework unless explicitly permitted by the instructor.

2. No Plagiarism

I will not copy or present anyone else's work, ideas, or words as my own. I understand that plagiarism in any form—intentional or unintentional—is a serious academic offense and will result in disciplinary action.

3. Use of Secondary Sources

If I use any secondary sources to support my work, I will ensure they are credible and reliable (e.g., academic books, peer-reviewed journals, reputable news or educational websites).
I will also correctly cite all sources using APA Style 7th Edition, both in-text and in the reference list.

I understand that failure to comply with these guidelines may result in a failing grade on the assignment or test in question and may also result in further academic consequences as outlined in the institution's academic integrity policy.

Student Name: _____

Course Title: _____

Date: _____
